Dear Sir

We have made an examination of the April 1972 voucher account submitted by Major R. T. O'Brien under Air Force disbursing symbol 5910. Our review was made at the Air Force Accounting and Finance Center and consisted of a detailed examination of vouchers selected through the use of generally accepted statistical methods. Payments under cost reimbursement-type contracts, which are subject to site examination by the General Accounting Office, were not considered.

We audited 75 of the 838 disbursing vouchers submitted in the April 1972 account.

We are pleased to report that the review showed no errors or deficiencies. You were previously advised in our letter of April 15, 1970, that the audit of the December 1969 vouchers did not disclose any errors or deficiencies.

Sincerely yours,

  
Irwin M. D'Addario
